** Standard wheel re-torque procedures must still be followed when using Zafety Lug Lock*

"ZAFETY LUGLOCKS work.

They really do. We care about making every operation safer. Seeing ZAFETY LUGLOCKS on our wheels makes me happy. Gives me peace of mind. And I'm not even driving."

*Jim Ramsey | CEO
TIL Group*

"Zafety Lug Lock is a no brainer for us at TR Group. Safety is very important to us and Zafety Lug Lock ensures wheel nuts are locked in place providing peace of mind while our fleet is travelling all around NZ"

*Mike Theyers | Tyre Manager
TR GROUP*
